Dehiwala, Colombo

TECHNICAL SKILLS

- Java, Python
- HTML, CSS, React, JavaScript
- Node.js, Express, TypeScript
- MySQL, MongoDB
- GitHub
- Figma

SOFT SKILLS

- Team player
- Problem solving
- Leadership
- Communication
- Time management
- Adaptability
- Fast learning

VOLUNTEERING

Logistics Team Member, Cutting Edge 2025 – Assisted in event setup, coordination, and smooth operation of activities.

ABOUT ME

Results-driven Computer Science undergraduate at the Informatics Institute of Technology, Sri Lanka, in collaboration with the University of Westminster, UK. Skilled in problem-solving, collaborative development, and building user-centered digital solutions. Demonstrates a proactive mindset with hands-on academic and project-based experience in modern computing technologies.

EDUCATION

BSc (Hons) in Computer Science - University of Westminster

Sep 2024 – Present

2nd Year Modules

- Object-Oriented Programming - 95%
- Software Development Group Project - 92% (1st component)
- Database Systems - 88
- Client-Server Architectures - Ongoing
- Algorithms and Data Structures - Ongoing
- Server-side Web Development - Ongoing

1st Year Modules

- Computer Systems Fundamentals - 96%
- Mathematics Computing - 94%
- Software Development II - 90%
- Web Design and Development - 84%
- Trends in Computer Science - 82%
- Software Development I - 80%

Foundation Certificate - Informatics Institute of Technology

Sep 2023 - April 2024

- Distinction

G.C.E. O/L - Central College Anuradhapura

2017 - 2023

- 9As Including English Literature, Tamil and ICT

LEADERSHIPS

- Team Leader – SDGP Project (2025–Present)
- Junior Prefect – Central College Anuradhapura (2021–2023)
- Junior Prefect – Central College Anuradhapura (2020–2021)
- Junior Prefect – Central College Anuradhapura (2018–2019)

TECHNICAL PROJECTS

Student Extracurricular Platform (SDGP)

Team leader

Developing a platform for students to discover, join, and track extracurricular activities and events, including core features and user workflows, using Next.js, Tailwind CSS, Node.js, Express, PostgreSQL, and MongoDB.

AI Fitness Trainer Application

Built a full-stack AI-powered fitness platform using Next.js and React, featuring a Voice AI Assistant, LLM-driven personalized workout and diet plans, real-time program generation, secure authentication with Clerk, and a responsive UI using TailwindCSS and Shadcn UI.

Realtime Chat Application

Built a MERN stack realtime chat app with Socket.io featuring JWT authentication, live messaging, online user status, Cloudinary file uploads, and a responsive UI using TailwindCSS and Daisy UI.

Expense Tracker App

Developed a fully responsive Expense Tracker App using the MERN (MongoDB, Express, React, Node.js) stack with JWT authentication, income and expense tracking, interactive charts, and Excel export functionality.

Food Delivery System (Frontend Only)

Developed a React based food delivery interface with pages for menu browsing, cart handling, and order flow using JavaScript and React.

CERTIFICATIONS

- CodeRally 6.0 (Advanced Tier) – Certificate of Participation
- IET Summer School Project Competition – Distinction
- Cyber Security Course, PDU – Certificate of Participation
